We love the idea of the revamp and have been eagerly awaiting the plans for the new play park, skate park and youth centre - which do look amazing! But we are very sad to see that the new plans are at the expense of losing the football pitches. Surely losing more of our green spaces in Tenterden should be avoided at any cost? Could the existing tennis courts and play park not be reutilised? In all the time we have spent at the recreation ground - we have rarely seen these in use. Yet the football pitches are used regularly by lots of teams and for casual kick abouts. If the council do decide to go ahead and remove the football pitches, where do you intend to relocate them?
