

proposed extension & alterations  
to:- CRANWELL HOUSE  
CHURCH ROAD, MERSHAM, KENT.

---

Ref: Climate Mitigation information regarding the above:

The proposals are to provide an extension to the rear of the property.  
With regards to climate mitigation it is proposed to provide a 227 litre  
rainwater butt under the rainwater pipe. An over flow pipe will be taken into  
an s.b.l.g which is connected to the existing surface water drainage system.  
All as indicated on the plan.

Yours faithfully

James Smith for Drawing Services Ltd.
